## San Francisco State University Campus Safety Week 2023

### Campus Safety Week October 16 - 20, 2023

### Safety Fair - Tabling Day Wednesday, October 18, 2023

SF State is hosting our annual Campus Safety Week from October 16-20, 2023. Our campus will host various trainings throughout the week which focus on promoting safety in all of its nuances.

On Wednesday of this week, we will be holding a Safety Fair which is a great opportunity for tabling, recruitment, training, and engagement with our on-campus community.

Does your organization offer safety-related information or opportunities? Would you be interested in tabling at Malcolm X Plaza for Campus Safety Week Safety Fair?
